The Carbondale Police Department and the SIU-C Department of Public Safety strive to make participation in the Citizen Police Academy available to any person over 18 years of age who has passed the Law Enforcement screening. If you have any physical disabilities which require special arrangements for your participation, please describe those below.

Applicants are not automatically selected for participation in the Citizens Police Academy. Participants must meet basic requirements and must be cleared by a Law Enforcement screening committee. Individuals with criminal histories may not be accepted into the academy. If more applicants are approved than can be accepted, a waiting list may be created as a future resource.

Prospective applicants may not wish to apply if there is any record of arrest for:

- violent crime
- unlawful use or possession of a controlled substance
- child molestation or sexual abuse
- any other crime involving moral character
