Background and Summary:

The FY 2015 Community Investment Program (CIP) budget includes \$129,360 for the New Era Road Lift Station Replacement (WW9602), with the contractual construction and contingency budget being \$120,000. The purpose of this project is to replace the existing dilapidated below grade steel structure pump station and dry suction pumps with a new precast concrete wet well and submersible pumps. Installation of a new wet well and submersible pumps will reduce staffs exposure to confined spaces and provide increased capacity to serve existing and future developments in and around the Southern Illinois Airport.

Plans and Specifications for the New Era Road Lift Station Replacement (WW9602) were prepared and the bid was advertised in the *Southern Illinoisan* on Sunday, December 21, 2014. Bid invitations were sent to eight (8) contractors and three (3) plan houses as shown on the attached Certificate. Eight (8) contractors purchased the specifications.

Five (5) bids were received on January 13, 2015, as shown on the attached Bid Tabulation. The low bid was submitted by Haier Plumbing and Heating, Inc. of Okawville, Illinois in the amount of \$128,138 which is \$8,138 (6.78%) over the FY2015 budgeted construction amount of amount of \$120,000. This project will not be complete within the current fiscal year; as such appropriate funds will be budgeted in FY2016 to cover the total costs of the project. Staff has reviewed the bids, which range from \$128,138 to \$226,958 and recommends award to the low bidder, Haier Plumbing and Heating, Inc. of Okawville, IL in the amount of \$128,138.
