

Request for City Council Action

Date: December 22, 2015

Agenda Section: Consent No. 5	Originating Department: Planning Services/Legal
Item: A Resolution approving the Final BPL Development Plan for Parking Lot Modifications to Southern Illinois Healthcare’s Building Located at 1385 East Main Street. No. 5.6	Approved:

Background and Summary:

Asaturian Eaton and Associates has submitted a site plan on behalf of Southern Illinois Healthcare (SIH) for modifications to an existing parking lot located at 1385 East Main Street. SIH is hiring additional employees at the location and needs the additional parking to accommodate the increase. In order to add additional parking, an unused loading dock at the rear of the building is being removed and the new parking will be built in its place. The site plan, SP 16-06, will serve as the final BPL development plan for parking lot modifications that provide an additional fourteen parking spaces. The Development Assistance Committee has reviewed the request and recommends approval of the final BPL development plan.

The subject property is zoned BPL, Planned Business, which requires City Council review and approval of the final BPL development plan for the property. In reviewing the final BPL development plan, Section 15-2.21.11 of the Carbondale Revised Code requires that the City Council determine if (1) the elements of the plan are arranged and designed to reflect the principles and objectives of the intent of the BPL District and (2) the design of the planned business development will not be detrimental to the public health, safety or general welfare.

Attached for Council review are the following:
